_____)	

Plaintiff Judith Bolter moves to dismiss this adversary proceeding under FRBP 7041, unless another party in interest chooses to continue prosecution of the objections to discharge. The grounds for this motion are that Bolter has settled her individual claims on terms that no longer give her an interest in the proceeding, and therefore she no longer has standing to pursue the objection to discharge. This motion is based on the accompanying declaration of Peter N. Hadiaris and memorandum of points and authorities, and such other evidence as may come

1 before the court.
